## Taking Friends of NRA to the Next Level

Friends of NRA announces the 2009 Magnum Merchandise Package, created exclusively for committees ready to take their fundraising to the next level. Available to the top performing committees, this package offers high-level firearms, sporting goods, and home décor items.

### Meeting the Requirements

Within each state, committees and field representatives work together to choose the events eligible for Magnum Event status. Roughly 15 percent of all committees can earn the title of Magnum Event; these events are the only ones allowed to offer the Magnum Merchandise Package.

These carefully selected events represent the highest quality that *Friends of NRA* has to offer. The process of choosing a Magnum Event includes examining the committee's past net income, attendance figures, and marketing savvy. Each year presents a new opportunity for committees to move their event into Magnum status.

The goal of the Magnum merchandise package is to make big events even bigger! Earning Magnum Event status puts your committee in an exclusive group that will receive the listed benefits. These extra items will increase interest in your event, boost attendance levels and provide additional income.
